

What Will Congress Give You This Holiday Season?

Save you money on gas by making our cars average 35 miles per gallon by 2020

- \$26.5 billion in savings at the pump for consumers by 2020*
- Create 178,000 new jobs*
- Save 1.2 million barrels of oil each day by 2020*

Save you money on your home energy bill by getting 15% of your electricity from clean, homegrown sources like wind and solar by 2020

- \$18 billion in consumer saving on energy bills by 2020*
- Create 820,000 new renewable energy manufacturing jobs, including over 6,200 right here in Nebraska*

Fight global warming and make us more energy independent by fueling our cars with homegrown biofuels produced in Nebraska instead of expensive imported oil.

OIL: Nearly \$100 a Barrel

GAS PRICES: \$3.00 a Gallon and Rising

HOME HEATING OIL: \$3.20 a Gallon and Rising

NATURAL GAS: Prices Continue to Rise

With skyrocketing energy prices and **38%** of consumers spending less this holiday season because of high energy costs, right now Congress has a chance to flip the switch on America's clean energy future by passing final energy legislation that saves consumers money, helps grow the economy, protects and creates jobs, makes us more energy independent, and makes real progress in the fight against global warming.

CALL SENATORS HAGEL AND NELSON TODAY AND TELL THEM TO PASS A STRONG ENERGY BILL

SEN. HAGEL: (202) 224-4224 • SEN. NELSON: (202) 224-6551

Explore, enjoy and protect the planet
