DOES YOUR STATE LEGISLATOR PROTECT THE ENVIRONMENT?

2024 LEGISLATIVE SCORECARD

This Legislative Scorecard details critical environmental votes for all incumbent State legislators who have filed for 2024 election. This scorecard is one way to evaluate your legislators' commitment to protect our environment. Remember, much of the work concerning bills and amendments is done in committee and many important bills never make it to the House or Senate floor for a vote.

2024 Kansas Senate Abbr. Scorecard

WHO IS THE SIERRA CLUB? HOW CAN I HELP?

Sierra Club is the largest, most historic grassroots environmental organization in the country. For more than 130 years, we've gathered millions of activists and volunteers to fight for the places, people, and planet we all love.

The Kansas Sierra Club, with nearly 5000 members across Kansas, represents our state's strongest grassroots voice on environmental matters for 50 years.

Like all Chapters of the Sierra Club, we share the same mission:

- **To explore, enjoy, and protect the wild places of the earth;**
- **To practice and promote the responsible use of the earth's ecosystems and resources;**
- **To educate and enlist humanity to protect and restore the quality of the natural and human environment; and**
- **To use all lawful means to carry out these objectives.**

The Kansas Sierra Club is the only group in KS with a lobbyist devoted to all environmental issues. Yet, one lobbyist cannot do it alone. We depend on caring volunteers (like YOU) to join us in the movement for a healthy, clean, and just future.

Join SierraKan & be a citizen lobbyist with us— sierraclub.org/kansas/join-sierrakan
