

Sierra Sage

Sierra Sage of South Orange County, a Group of the Sierra Club ■ Bimonthly Events & Outings

You are Invited to Join us at Our Bi-monthly Meeting!

Combatting and living with climate change is the theme of the 2019 general meetings of Sierra Sage, the South Orange County Group of the Sierra Club.

On March 26, the specific topic will be ***“Climate Change & My Mobility,”*** where our speakers and presenters will offer practical methods to seriously reduce our individual carbon footprints caused by transportation. You’ll learn to calculate your carbon emissions and mitigate CO2 released by air travel. You’ll acquire skills in reducing the amount of global warming gasses emitted by your current and future cars. Our speakers will also address what lies ahead in public transit as it applies to an affluent suburban area such as ours, i.e. autonomous vehicles, car and ride sharing. Of course, walking, hiking, and biking won’t be forgotten as they may be part of your program of becoming carbon neutral. Although climate change poses an existential threat to humanity you’ll leave the meeting eager and ready to join in the fight.

South Orange County Spring Public Events

EACH YEAR IN EARLY SPRING, there are numerous public events throughout South Orange County. The Sierra Sage of South Orange County plans to participate in four of these events with a booth. We invite each of you to attend these events. Look for our booth with the big green SIERRA CLUB, Sierra Sage Group banner on the table in front of the booth and pick up a Sierra Club souvenir for you and the kids. You can also find out about family hikes and walks and other upcoming activities. There is no fee to attend any of these events

The events are:

- **Sunday, March 3rd from 11 am to 4 pm: OCEAN AWARENESS DAY** in beautiful Dana Point Harbor. The event is held in the Baby Beach area at the West End of the Marina. They plan to have the Diamond Dig Event, Pancake Breakfast and a Whale of a BBQ.
- **Sunday, March 24, 2019 from 10:00 am to 4:00 pm: PANHE**, a Native American Gathering & Celebration of Protection and Preservation in the San Mateo Campground, San Onofre State Beach. Off-site parking and complimentary round trip shuttle serve throughout the day from Concordia Elementary School. The event features Native American singers, dancers, speakers, storytelling, artisans, food, and children activities and Games
- **Saturday, April 6, 2019 from 10:00 am to 3:00 pm: CASPERS WILDERNESS PARK ADVENTURE DAY 2019** in beautiful Caspers Wilderness Park off of the Ortega Hwy. Event activities include exhibits, games, music, food, nature walks, talks and raffles(s).
- **Saturday, April 13, 2019 from 8:00 am to Noon. MISSION VIEJO EARTH DAY & ARBOR DAY CELEBRATION** in Cordova Park, 26931 El Retiro, Mission Viejo. Events include volunteers of all ages, planting in the park, and participating in the Green Expo. Typically, this event includes food for breakfast and lunch, and many interesting booths as well as an opportunity to plant many trees, shrubs and flowers in the park.

In addition, the Sierra Sage Group is providing an opportunity for members to experience the fun of helping people learn more about the Sierra Club by helping in our booths. If this interests you, contact Mike Sappingfield and let him know which events that you want to help on, and how much time you could work. We always give booth workers time off to explore the other events and food and other events as well. We can only do that if we have volunteers for each booth.

Recent Update on Environmental Issues from Sierra Club Executive Director, Michael Brune

ON WEDNESDAY, THE ARIZONA CORPORATION COMMISSION *unanimously extended a moratorium* on new gas-fired power plants. Investor-owned utilities have proposed a massive build-out of new gas, but regulators have put the brakes on those plans—with plenty of input from our chapter and national volunteers and staff—so that more careful analysis can be done about how renewables and storage would do a better job.

Also on Wednesday night, we learned that the Department of the Interior has confirmed there will be no seismic exploration, an invasive industrial process, in the Arctic National Wildlife Refuge this winter, because the companies involved were unable to get the necessary permits under the Endangered Species Act and Marine Mammal Protection Acts. Why couldn't they get those permits, you may ask? Thanks to the intervention of Sierra Club's Environmental Law Program and our allies challenging those permits as well as overwhelming public opposition—250,000 people sent emails and called SAExploration's offices and executive board urging them to drop their proposal and stay out of the Arctic. Gwich'in Nation leaders hand-delivered boxes containing 100,000 of those letters to the company's office in Houston.

I appreciate all that you do, for your trust in Sierra Club, our staff and the grassroots power of our 3.5 million members and supporters working steadfast to chart a new course for our planet.

Want more? Yesterday, a bill was introduced in the New Mexico State Legislature to move the entire state to 100% clean energy in the power sector. Another bill dropped in Minnesota earlier this week to hit the same goal. *Apex, another town in North Carolina*, committed to 100% clean energy on Tuesday night, Maryland is making progress towards a complete coal community transition, we just secured another coal plant retirement in Alabama, and two more in Georgia and, oh yeah, after plenty of input and delicate diplomacy, a Green New Deal was introduced in Congress yesterday that is the most ambitious and inclusive effort—by far—to deal with the conjoined challenges of inequality and climate change. This is game-changing.

There's so much more to be done, to continue to make progress like this, fight back against fossil fuel incumbents blithely destroying the planet and to fight for the people suffering from injustice on a daily basis across the country. We couldn't do it without you and your generosity. We are powerful, and together are making an enormous difference.

I appreciate all that you do, for your trust in Sierra Club, our staff and the grassroots power of our 3.5 million members and supporters working steadfast to chart a new course for our planet.

Thank you!

Mike
