# Save \$ and Help the Environment

## Update on Sustainability Measures You Can Take Now

with Chris Prelitz

Chris is a pioneer of the green movement, heading a successful design-build firm. His projects have ranged from off-the-grid ranches, to the first solar powered restaurant and solar auto dealership in the U.S. He has served on environmental advisory boards at city, state and national levels. He appeared in the premier episode of the Discovery Channel's Greenovate show.

Chris' book "*Green Made Easy, The Everyday Guide for Transitioning to a Green Lifestyle*" contains many actions to achieve a sustainable world.
