

Go Solar

You save \$750 – and you raise another \$750
for your local Sierra Club Chapter**

Come to our Solar House Party where you can talk with Sungevity & Sierra Club representatives.

Meet with a representative from our solar partner Sungevity to get answers to your questions about solar and learn what it will take to install solar on your home.

Our host, **David Haake**, will show you his rooftop solar panels and share his experience with you.

WHEN: 10:00 am to 2:00 pm on Saturday, Sept. 24th.

WHERE: 11027 Westwood Blvd., Culver City, CA 90230 (Lindberg Park neighborhood)

[MAP & DIRECTIONS](#)

The party is free. Light refreshments will be served.

[Please RSVP to let us know you plan to come to the Solar House Party at www.surveymonkey.com/r/SolarHouseParty.](http://www.surveymonkey.com/r/SolarHouseParty)

Five things to do at the Solar House Party

1. Find the solar panels AND the solar power inverter and figure out what the inverter does
2. Ask David (your Sierra Club host) how he can charge his Nissan Leaf and still pay <\$3 per month for electricity
3. Meet the Sungevity representative and ask about their unique solar leasing and quote process
4. Meet other Sierra Club members and supporters who have or want solar power for their homes.
5. Learn more at one of the Solar Home presentations offered at 11:00 am, 12:00 noon and 1:00 pm.
