

**2019 Candidates for Verdugo Hills Group Executive Committee**  
**5 Candidates (Listed in random ballot order)**  
**6 Open Positions**

**Michael Beck**

I have been a Sierra Club member since the early 80's. My top concern as a Club activist have been conservation and climate change in general and sustainability in particular. I am also interested in building membership through friendly outings and events. Previous Club involvement include Angeles Chapter Population Committee and the National Population Committee. I am currently active in Verdugo Hills Round Table Conservation Committee and our Mystery Dinner fundraisers.

**Carol Henning**

Since joining the Sierra Club in 1977, I have gotten ever more involved with the work. I enjoy planning new hikes and urban walks, writing for the Verdugo Views, being on Angeles Chapter's Political Committee, Conservation Committee and our group's rep on the ExCom. I report back to the Verdugo Hills group after my meetings because I think ongoing communication between Chapter and the regional group is essential.

**Charlotte Feitshans**

I have been a member of the Sierra Club since 1989. I have enjoyed many events, hiked many areas I didn't know existed and made some lasting friendships. It is an excellent place to meet others who share love of outdoor, our planet and interest in "the bigger picture" of life. I have been our Group secretary and active in the Round Table. I enjoy Verdugo Hills Group and their spirit of adventure, creativity and dedication to the tenets of the club.

**Delphine Trowbridge**

I have been the chair of our group for many years and have enjoyed it. I have been a hike leader and taken the group to great car camps, local hikes and a trip to Europe on the Cotswald Way. I am also interested in Conservation and I am active in our Round Table and our semi-annual Mystery Dinners.

**Annette Kargodorian**

I am treasurer for the Verdugo Hills Group and have been since 2011 when I took over for our ailing treasurer. I realize how important that position is, and I like helping. I have been a member of the club for many years because I believe in conservation and I have a love for the outdoors. I enjoy leading hikes, car camps and lodge trips.
