

## UTAH DEPARTMENT OF TRANSPORTATION

### ADOPT-A-HIGHWAY AGREEMENT

The Utah Department of Transportation, hereinafter called the "Department," and Glen Canyon Group, Sierra Club, hereinafter called the "Group", recognize the need and desirability of litter-free highways and are entering this Agreement to permit the Group to contribute towards the effort of maintaining litter-free highways.

By signature below, the Group acknowledges the hazardous nature of the work and agrees to assume full responsibility in the event of an accident or other incident involving death or injury to a member of the group or others, or property damaged caused as a result of negligence or intentional conduct on the part of any member or members of the group. The group further agrees to the following provisions:

- Participants shall be at least 11 years old. When participants are 15 years of age or younger, the Group shall furnish adequate supervision at the ratio of one adult for every five children.
- Each Group will be acting as authorized volunteer workers for the Utah Department of Transportation and will be given safety instructions by the District Safety Coordinator, or his designee, which will include the following:
  - A. Volunteers must stay off the traveled area of the roadway.
  - B. If traveled area is to be crossed, it must be done by the group together, with proper flagging and supervision.
  - C. Volunteers shall not cross traveled areas of Interstate Freeways. Changing sides will be accomplished by traveling to the next exit and returning to the other side of the road.
  - D. Litter pick up will be done only during daylight hours.
  - E. Participants must attend a safety meeting conducted by the group before participating in a roadside clean up. Prior to each drive the group will furnish a list of participants.

- Groups shall adopt a section of roadway that is a minimum of two miles in length.
- Groups shall be required to adopt for a minimum of a two year period.

The Group shall pick up litter a minimum of three times a year only during daylight hours. One of these times may be designated by the Department with thirty days notice to the group.

- The Group shall obtain required supplies and materials from the Department during regular business hours.
- The Group shall place filled trash bags at the edge of the shoulder of the adopted highway, as they become full, for pick up and disposal by the Department the next work day. Bags are to be tied. Torn bags are to be placed inside another bag and tied.
- Unused materials and supplies furnished by the Department shall be returned to the Department within one week following clean up.

The Department agrees to accomplish the following:

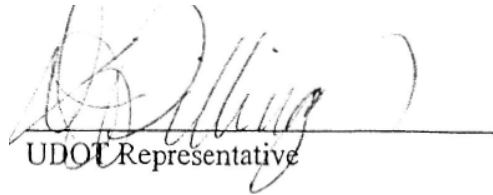

- Erect a sign at each end of the adopted section with the Group's name or acronym displayed.
- Provide orange vests, trashbags, safety training and literature.
- Remove the filled trashbags the first workday after pick up.
- Coordinate publicity efforts with the Group to solicit local media coverage.
- Remove litter from the adopted section only under unusual circumstances, i.e. to remove large, heavy or hazardous items.

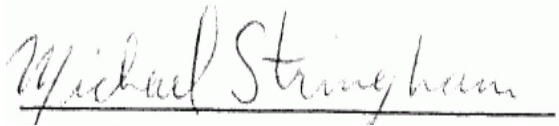

If in the sole judgment of the Department, it is determined that the adopting group is not meeting the terms and conditions of this agreement, upon 30 days notice the Department may terminate the adoption agreement and remove the signs.

The Department recognizes the Group as the adopting organization for the sections of road described as State Route 191, mile marker 117-120 and the Group accepts the responsibility of picking up litter on this section of highway and promoting a litter-free environment in the community for a period beginning 2/10, 2009 and ending 2/10, 2011 (minimum of two years).

We certify that we have read, understood and will abide by all of the forgoing provisions of this agreement.
