

## We are still in! Act on Climate!

October 31, 2017

The Honorable Doug Ducey  
Governor  
State of Arizona  
1700 W. Washington St  
Phoenix, AZ 85007

Dear Governor Ducey:

In 2016, the United States signed the Paris Agreement and pledged to reduce our emissions [26–28 percent from 2005 levels by 2025](#). According to the latest [Environmental Protection Agency Green House Gas Inventory](#), by the end of 2015, the nation was already 44 percent of the way to meeting its 2025 Paris target, in large part because of community-based, local action.

The G-6 and numerous other countries – including major emitters such as the European Union, Japan, China, India, and various groupings of developing countries – reconfirmed their intention to meet their Paris commitments.

Nevertheless, President Donald Trump announced that the United States would withdraw from the Paris climate agreement. Rather than listening to business leaders, the military, scientists, the pope, and a majority of the public in each state, including Arizona, the President decided to move the country backward with this historic mistake.

The President's decision turned its back on jobs, on the safety of our communities, on what the U.S. military considers to be a significant threat to our country, and on the U.S. global standing and credibility in the world. Our children and grandchildren will look back on this decision as one divorced from reality and morality.

The people of the U.S. are not giving up, however. More than 200 mayors, nine states, hundreds of university and college presidents, and hundreds of businesses throughout the country, including here in Arizona, are stepping up to commit to do their part to reach the goals outlined in the agreement. We are asking that you do so, as well.

The Paris climate accord is going to move full speed ahead, and the U.S. will be left behind unless there is a concerted effort by people at the state and local levels. Please join this effort to have Arizona do its part to reduce emissions. Please sign on to support the Paris Agreement and help us meet our commitments.

We urge you to go to <http://wearestillin.com> and sign on to support the goals of the Paris climate agreement.

Thank you for your consideration.

Sincerely,

country, including here in Arizona, are stepping up to commit to do their part to reach the goals outlined in the agreement. We are asking that you do so, as well.

The Paris climate accord is going to move full speed ahead, and the U.S. will be left behind unless there is a concerted effort by people at the state and local levels. Please join this effort to have Arizona do its part to reduce emissions. Please sign on to support the Paris Agreement and help us meet our commitments.

We urge you to go to <http://wearestillin.com> and sign on to support the goals of the Paris climate agreement.

Thank you for your consideration.
