

PO Box 2916
Denver, CO 80201

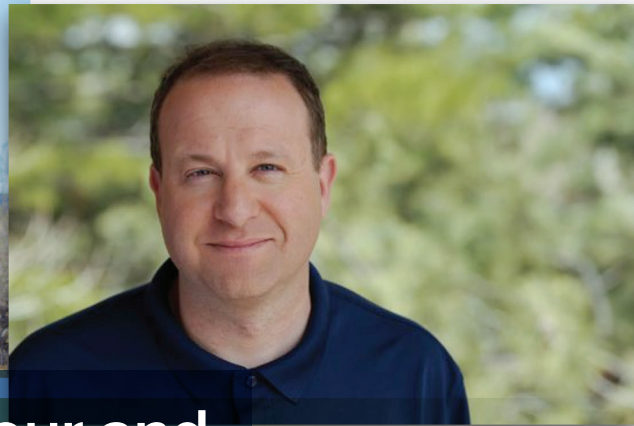

INDICIA

**As governor,
Jared Polis will protect**
our natural resources for present
and future generations.

Paid for by the Sierra Club Independent Expenditure Committee, Thomas Young, Registered Agent. Not authorized by any candidate or candidate's committee.

Jared Polis is a self-made entrepreneur and **COLORADO NATIVE.**

He knows that when it comes to protecting our public lands and fighting for our environment, **we're really talking about our way of life.**

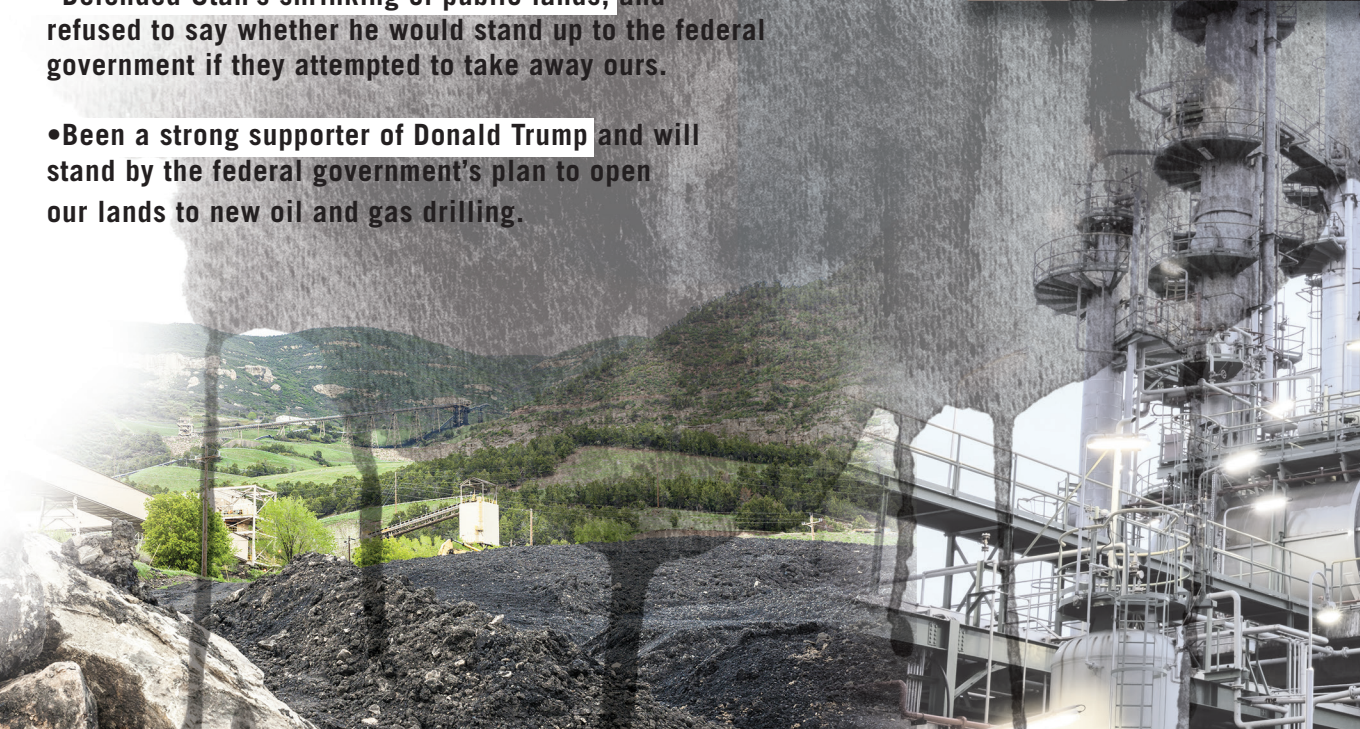

Jared turns bold ideas into real results for Coloradans. He has:

- **Introduced bipartisan legislation** to preserve outdoor spaces for our communities.
- **Refused to take any money from corporate special interests**, so he can focus on delivering for us — not lobbyists and rich CEOs.
- **Led the charge to get Colorado to 100% clean, renewable energy by 2040.**

Colorado's public lands won't survive Walker Stapleton.

Walker Stapleton would threaten our freedom to explore the public lands that make Colorado great. He has:

- **Defended Utah's shrinking of public lands**, and refused to say whether he would stand up to the federal government if they attempted to take away ours.
- **Been a strong supporter of Donald Trump** and will stand by the federal government's plan to open our lands to new oil and gas drilling.

VOTE FOR JARED POLIS FOR GOVERNOR
and turn in your ballot by 7PM on Tuesday,
November 6th.
